

## Sun, sea, sand, sangria . . . and a Screaming O!

Winter may only just have gone shivering out the back door but already spring is in the air, the sap is rising and a young (wo)man's fancy turns to . . . holiday romance.

With Summer Lovin' in mind those clever people at Passion8 - the country's favourite internet retailer of adult products - have just introduced a new range of vibrating cock rings. The splendidly entitled 'Screaming O' range features the following products:

\* [Screaming O Vibrating Ring](#)- features pleasure bumps for her on the vibrator unit and pleasure knobs for him, designed to gently transfer stimulating vibrations deep into the penis itself for mutual pleasure, on the actual ring itself. This unit is fully-disposable with the single-use battery designed to give 25 - 30 minutes of intense pleasure.

\* [Screaming O Plus Vibrating Ring](#)- longer ticklers for added clitoral stimulation and a much thicker gel ring to prolong the duration and firmness of the male erection. Also ideal for an added measure of security when used with a condom. As above, this unit is fully-disposable with the single-use battery designed to give 25 - 30 minutes of intense pleasure.

\* [Big O Vibrating Ring](#) - the big daddy of the 'family'. This model is re-usable and features a nine-stage, multi-speed, auto-changeable motor that is guaranteed to hit the right spot. It has ticklers to stimulate the clitoris and its specially enhanced silicone gel-ring also effectively prolongs the length and firmness of the male erection. The easily replaceable watch-style batteries provide anything up to 80 minutes of intense vibrations.

Managing Director Stephanie Taylor commented: "These are great products; fun, functional and well-made. If you are going away, or even just out for the night, they are small enough to slip into your bag, wallet or even pocket . . . and being disposable you don't have to worry about bringing them back home again.

"On the other hand, the [Big O](#) has a really quite powerful and quiet little motor. With its multispeed function and 80 minute 'playing time' this is sort of thing you might want to keep in your bed-side drawers."

Individually each of the products costs between £4.99 - £5.49 comparable with any other similar products on the market - but as an introductory offer Passion8 is currently offering [all three in a beautiful presentation box](#).
